

pronorm receives the award "Furniture Made in Germany"

Your own home should be a place of well-being. Furniture made in Germany inspires confidence. With the quality mark "Möbel Made in Germany", pronorm can now officially guarantee, that our high-quality kitchen furniture is manufactured in Germany. We are pleased to announce, on 17th February, Jan Kurth, Managing Director of the Association of the German Furniture Industry (VDM), handed over the certificate.

The quality mark stands for the highest quality of German furniture manufacturers, innovation, longevity and healthy living. The criteria is extremely demanding and attains for a high quality standard. Design, assembly and quality control take place entirely in Germany. These requirements are continuously monitored by the German Quality Association for Furniture (DGM).

"With the help of this label, we meet the quality requirements of ourselves and our customers, thereby strengthening Germany as a business location and safeguarding jobs," says the managing director team Roger Klinkenberg and Thorsten Gösling.

To the company:

The traditional company pronorm is based in Vlotho / East Westphalia and is a manufacturer of individually planned, modern and design-oriented kitchens in the middle to upscale segment and employs around 300 people. In addition to Germany, pronorm is successful in the markets Benelux, Austria, Switzerland, France, United Kingdom as well as Eastern Europe and Asia. The export rate is 70 %.
