Unique Living Spaces

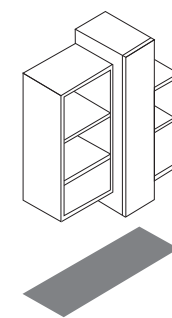

Nowhere is individual personality reflected more strongly than in the home. This is where there are no rules and no conformity. This is where the only things that matter are passion, freedom and you yourself. Unique ideas for home living are key to creating your own world and, in this way, to giving your home personality.

Living concepts are currently experiencing a renaissance of past decades – reinterpreted and brought to life in a contemporary way. Classic elements such as lowboards, sideboards and highboards are making a strong return in updated forms. Quality remains the central promise – tangible in the selection of fine woods and visible in the precision of craftsmanship. Glass doors with delicate textures and handleless fronts form an elegant bridge between tradition and modern spirit. A dialogue between yesterday and today.

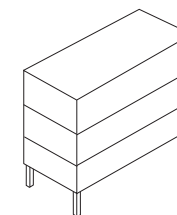

With great passion and skilled craftsmanship, we create furniture „Made in Germany“ that inspires with its diversity and quality. This is how your home comes to life – not only looking beautiful, but feeling just as good too – full of style, personality and a true joy for living.

Sideboards

WHAT ONCE PLAYED A SUPPORTING ROLE
IS NOW A DESIGN STATEMENT THAT CAN DEFINE
A SPACE YET ALSO REMAIN LOW KEY.

Open to new ideas.

Every day, life writes new stories that shouldn't be forgotten. Providing copious storage space, sideboards make a place for mementoes without denying the home calm and neatly kept order. Featuring open compartments and decorative standing surface, they instead create places to treasure unique reminders in the way they deserve.

Dressing Room

DESIGN AND ORDER
TO ENRICH LIFE.

A dressing room can be so much more than just a wardrobe. This is where the day begins, where we are alone with our reflection and decide who we are, how we feel and how we want to face the world. Modern dressing-room solutions give us the ideal feel-good space for reinventing ourselves every day.

Style begins with structure.

The dressing room is a space for personal expression. A place that provides structure while conveying a sense of lightness. Premium pull-outs and finely crafted drawers ensure that everything has its place – tidy, within easy reach, and stylishly arranged. Striking fronts add depth and character to the room. Every detail is considered, every surface purposefully designed. This is how functional storage becomes a personal retreat – and a daily ritual becomes a stylish start to the day.

Clarity that looks good.

Clothing is an expression of our personality. It reflects our moods, accompanies us through everyday life and highlights our individual style. Intelligent organisation systems provide clarity and structure – offering a clear overview and supporting decisions that feel right every single day.

Structured elegance.

The perfect way to present your favourite shoes, whatever their size. The anti-slip profile keeps them reliably in place.

Tops are neatly arranged and easy to reach on the clothes rail. With the integrated wardrobe lift (page 31), they can be effortlessly brought to eye level. Comfort and clarity in perfect balance.

Fine wooden dividers on an elegant felt base create order. A well-thought-out solution for organising accessories and small items in a refined, functional and easily accessible way.

Thanks to the practical trouser holder, trousers can be stored clearly and in a space-saving way. It allows for easy access and is also available in a side-mounted version.

For belts, ties or scarves: a side-mounted pull-out makes clever use of space and creates room for the finer details of everyday life – elegantly stored and always within easy reach.

What you see starts with what you feel.

The use of unusual materials, the latest colour trends and distinctive surfaces results in living environments which far outstrip the boundaries of classic kitchen planning. Fine details in Boho style, woven linen looks and veneered fronts incorporating sophisticated fanning patterns set tactile and visual highlights and give the new collection its unique individual character.
